Note to Users (over) Avis aus Utilisateurs (verso)

Note to Users

Beginning January 2011, the Canadian Accounting Standards Board (AcSB) adopted International Financial Reporting Standards (IFRS). Financial institutions adopting IFRS converted at the start of their first fiscal year following 31 December 2010. For the credit measures presented on pages 13, 14 and 15, the most significant effect relates to the inclusion of securitized loans on financial institutions' balance sheets, which were previously shown as loans held by Special Purpose Corporations or NHA mortgage-backed securities. This reallocation of credit primarily affects the January and November 2011 reference months. For the monetary aggregates presented on pages 11 and 12, the most significant effect relates to the chartered banks' reclassification of deposit liabilities to other liabilities, which resulted in decreases in deposit liabilities, and therefore historical continuity adjustments were applied to the monetary aggregates for the period February 1998 to October 2011.

Avis aux Utilisateurs

Le Conseil des normes comptables du Canada a adopté, en jarvier 2011, les Normes internationales d'information financière (IFRS). Les institutions financières passant aux IFRS ont fait la conversion au début de leur premier exercice suivant le 31 décembre 2010. En ce qui a trait aux mesures du crédit figurant aux pages 13, 14 et 15, le principal changement concerne l'ajout des prêts titrisés au blian des institutions financières. Ceux-ci étaient auparavant inscrits comme prêts détenus par des sociétés de titrisation ou titres hypothécaires émis en vertu de la Loi nationale sur l'habitation. Ce réaménagement touche principalement les mois de référence de jarvier et de novembre 2011. Pour ce qui est des agrégats monétaires présentés aux pages 11 et 12, le plus important changement a trait au reclassement par les banques du passif-dépôts en autres passifs, ce qui a eu pour effet d'entraîner une diminution du passif-dépôts. Des corrections de continuité historiques ont donc été apportées aux agrégats monétaires pour la période allant de février 1998 à octobre 2011.
